

EDUCATIONAL MISSION AND PHILOSOPHY**MISSION:**

Providing opportunities for excellence.

EDUCATIONAL PHILOSOPHY:

America needs young people who know how to learn, as well as how to read, write, speak, and compute. America needs young people with strong interpersonal skills, the ability to contribute to economic productivity and social progress and justice. America needs young people who can acquire, analyze, and apply information to think creatively and solve problems.

As they become involved in the world of work as parents and citizens, members of the next generation should know how to question, invent, anticipate, and dream.

We, of the Bethany School community, should work every day to help young people do these things, so that they can move beyond the previous generation, each prepared to make a living, make a life, and make a difference.
