

CHILD NUTRITION MEAL CARD SYSTEM

A COMPUTERIZED CASHIERING SYSTEM IS USED FOR ALL STUDENTS IN THE CAFETERIA. This meal card system allows for faster meal lines and no need for cash each day as meals may be paid for in advance.

All students who prepay for their meals (full and reduced priced) and those who qualify for free will receive a bar-coded meal card. EACH CARD IS IDENTICAL - ONLY THE COMPUTER, WHICH READS THE BARCODE, CAN DISTINGUISH THE DIFFERENCE BETWEEN A PAID STUDENT, A REDUCED PRICED STUDENT OR A FREE STUDENT. The status of a free or reduced priced student is required by law to be kept in total confidence by the school district.

To open an account: Student may bring check or cash to the cafeteria manager BEFORE CLASSES any school day. Checks (see example) should be payable to the school cafeteria and should list the student's I.D. number if known. Monies deposited in a student's account may be used to purchase meals and/or ala Carte items. If you wish to restrict the purchase of ala Carte items please indicate this in the memo section of the check. Online payment is also available at www.MyLunchMoney.com. You will need your student's ID number in order to set up an account.

Elementary school cards are kept in the classroom by the teacher and are handed out daily to students.

Middle and High School students are responsible for their meal cards daily. They need to keep their cards safe in a wallet or purse and have it out and ready at the register after making meal selections.
